EXPERIENCE

Software Intern - PRYM Aerospace Pvt. Ltd.   **Oct 2024-Jan2025**

- I recently completed an internship as a Software Intern, working with Python, Flask, HTML, CSS, React and JavaScript. I focused on improving web applications, developing back- end functionality, and designing user-friendly front-end interfaces. The experience helped me enhance my technical skills and collaborate effectively with a team.

PERSONAL PROJECTS

MediCheck – Doctor Appointment Booking System

- Designed and developed a fullstack doctor appointment booking system with an admin panel. Built using React, JavaScript, HTML, Tailwind CSS, Express.js, Node.js, and MongoDB. Integrated Razorpay for secure payment processing. Features include user authentication, appointment scheduling, admin management, and real-time updates. Focused on scalability, responsiveness, and seamless user experience.

Portfolio Website

- Designed and developed a responsive and interactive personal portfolio website to showcase my skills, projects, and achievements. Built using HTML, CSS, JavaScript, React . Implemented features such as project showcases, contact forms, and smooth navigation. Focused on user experience, optimizing performance, and ensuring cross-browser compatibility. Deployed using Netlify, Demonstrates my expertise in front-end development and creative design.
